To the Selectmen of Swanzev, N. H.:

In making this report I wish to thank the board of selectmen for their hearty co-operation with me in my endeavors to bring the highways in my district to a proper standard of repair. And also to thank those who by their assistance and counsel helped me in my duties.

I wish to state that when I took the office I found many embankments in the highways which were dangerous for persons driving, particularly if met by automobiles. At these places I caused strong and suitable railings to be erected, building in all $1\frac{1}{4}$ miles of railing at dangerous points in the highway.

When I took the office I found that the two bridges on the Chesterfield road were badly out of repair and that new stringers were needed. Having in mind the fatal bridge accident in the town of Troy, which cost that town over two thousand dollars for damages, I caused these two bridges to be entirely rebuilt with new stringers of ample strength.

I also found in many places that sluices were filled and tile culverts broken, and in a very poor condition generally. I caused all sluices to be opened and kept open, rebuilding them where necessary, and placed over four hundred feet of ten and twelve-inch culverts where needed.

I would recommend that the town take such action as may be necessary to obtain all the state aid possible for its highways. And would also recommend that Railroad street be repaired the coming spring, and that some improvements be made on the highway leading from West Swanzev to the middle town.

JOHN STANTON,
Supt. of Western Div. of Highways.

REPORT OF THE SCHOOL BOARD.

The following annual report of the school board of Swanzev for the past year is respectfully submitted, together with a statistical table of the schools for the year ending August 1, 1905.

For particulars concerning the amount of school money raised and appropriated, and how much has been expended for books and school supplies, for repairs and other improvements, and for mileage, or conveyance of scholars, you are referred to the report of the school treasurer.

The general success of our schools during the past year has been all we could reasonably expect, and in many respects they have made decided improvement. The success of schools depends much upon their general management, and upon the teachers employed and the assistance which is rendered them. Much credit is due to parents and interested citizens for their help and encouragement toward making our schools as good as they are. Most of our teachers of the past year taught in town the year before and were retained in the same school; and it is due to say that they have generally proved efficient and worthy of our confidence and have given general satisfaction.

A few changes, or improvements, have been made in two of our schoolhouses and the schools. On account of the crowded condition of the school at Swanzev Factory at times, and the extra work required of the teacher, another room has been fitted up intended for a grammar department, and the school placed in charge of a separate teacher. This change is calculated to give the school better advantages and afford more room for the number of scholars.

New desks have been placed in No. 7 schoolhouse during the past year, and the house has been much improved thereby in its internal appearance.

From the enumeration of the children in town made in the month of September, as required by law, there were reported by the officer appointed for that purpose, 311 children between the ages of 5 and 16 years, while 314 different scholars as shown by the registers attended school in town during the fall term.

The amount of school money which has been raised by the town does not prove sufficient to furnish the amount of schooling which appears to be needed, or to fit scholars to enter higher schools within the limited time; and it should be considered that we cannot expect to hire and keep first-class teachers unless we pay them a reasonable salary or as much as they can obtain elsewhere.

It may be well for us to consider how much our schools as a whole might be benefitted by uniting with other districts in having a superintendent. Such a person is supposed to be educated and trained especially for his work, and has the time and no other business of greater importance to attend to.

The superintendent can have only such powers as are given to him by the school board who would continue to remain the true representatives of their school district. It should be understood that one-half the apportioned share of the salary is paid by the state.

In concluding our report we have pleasure in acknowledging the good work and success of many of our schools, and the interest taken in them by citizens and parents. By maintaining a united sentiment in favor of education, our schools will continue to improve to the credit of all who gave them help, encouragement and support.

GEORGE I. CUTLER,
JESSIE H. MARSH,
HARVEY SARGENT,
School Board.

I hereby certify that the foregoing transcript of births, marriages and deaths is correct, according to the best of my knowledge and belief.

GEORGE I. CUTLER,
Town Clerk.

[TOWN WARRANT.]

THE STATE OF NEW HAMPSHIRE.

To the inhabitants of the town of Swanzey, in the county of Cheshire, in said state, qualified to vote in town affairs:

You are hereby notified to meet at town house in said Swanzey on Tuesday, the thirteenth day of March next, at nine of the clock in the forenoon, to act upon the following subjects:

1—To choose all necessary town officers for the year ensuing.

2—To raise such sums of money as may be necessary to defray town charges for the ensuing year, and make appropriation of the same.

3—To see if the town will vote to raise money for decorating soldiers' graves.

4—To see if the town will vote to observe Old Home Week and raise money for the same.

5—To see if the town will vote to raise one hundred dollars for the support of the Stratton Library for the year ensuing, or take any action thereon.

6—To see if the town will vote to raise a sum of money to improve the Richardson Park.

7—To see if the town will vote to give the Golden-rod Grange free use of the hall for one year.

8—To see if the town will vote to light the streets of West Swanzey with electric lights.

9—To see if the town will vote to raise money to sustain said lights and instruct the selectmen to contract for lighting the streets of West Swanzey for the period of five years.

10—To see if the town will vote to extend the water pipe from the common in West Swanzey along the road to Frank Thompson's house.

11—To see if the town will vote to raise five hundred dollars to repair the town house.

12—To see if the town will vote to raise one hundred dollars for the support of the Mt. Caesar Library.

13—To see if the town will vote to buy a hearse for the east part of the town and raise money for the same.

Given under our hands and seal this twenty-fourth day of February, in the year of our Lord nineteen hundred and six.

CHESTER L. LANE,
EDWARD B. HOLBROOK,
JOSEPH L. STARKEY,
Selectmen of Swanzey.

A true copy of warrant—Attest:
